July 17th, 2015

It is with great sadness that I am announcing my retirement from the practice of Pediatric Cardiology.

As many of you know, I suffered a medical crisis in March of 2015. My recovery has been slower than I would like. In light of my ongoing health concerns, I feel it is imperative for me to embark on my retirement somewhat earlier than I had planned. This is for the benefit of my own personal health, as well as my family.

I thank all of you for the privilege of allowing me to participate in the care of your patients. I have the utmost confidence that my colleagues at the Pediatric Cardiology Center of Oregon will continue to provide excellent care for your patients with cardiac problems.

Sincerely,

Douglas King MD
